Office of Traffic Safety

Grant Funding Letter of Interest Traffic Safety Programs

The Office of Traffic Safety invites government, non-profit, and community organizations to submit proposals for funding consideration for projects or programs that reduce fatal and serious injury crashes in our communities and on Nevada's roads. A Letter of Interest (LOI) can be submitted to our office from January 6th until February 3rd, 2017, for new traffic safety projects or programs, or significant enhancements to existing programs, to support Nevada's Highway Safety Plan. The LOI does not replace the application process and is not a guarantee of funding; however, it provides community partners an opportunity to have their ideas and proposals considered in advance of completing the full application. It is only necessary to provide a summary proposal and estimate of funds in your LOI. If your proposal is approved for further consideration you will be invited to complete the Office of Traffic Safety grant application; all existing grant funding requirements apply.

The Office of Traffic Safety will open its regular grant application period from January 30th to March 10th, 2017, at <http://egrants.nv.gov>. Grant funds are provided by the National Highway Traffic Safety Administration for education, enforcement of traffic laws, and adoption of safe driving behaviors that address Impaired Driving, Seat Belt/Child Safety Seat Use, Motorcycle and Moped Safety, Pedestrian and Bicycling Safety, Distracted Driving, Traffic Records Data Collection, and Teen Safe Driving.

The Office of Traffic Safety is specifically interested in proposals that address the following:

- Adult and teen seat belt usage
- Motorcycle safety for riders and drivers
- Impaired driving, riding or walking, particularly in urban areas and addressing marijuana use
- Speeding and aggressive driving and riding
- Pedestrian safety for pedestrians and drivers
- Distracted and drowsy driving
- Traffic safety research and safe behavior awareness

Projects and programs that introduce innovative ideas or best practices with measurable outcomes are encouraged, as are programs that foster collaboration amongst community resources.

The LOI should be submitted on organization letterhead by email to tsafety@dps.state.nv.us. You will be contacted regarding your proposal once it has been reviewed. A template for the LOI can be found on the Office of Traffic Safety website at: <http://ots.nv.gov/Grants/Home/>. Please call the Office of Traffic Safety at (775) 684-7472 or email us at tsafety@dps.state.nv.us with questions.
